Features

- Collect cash register reports from the convenience and privacy of your office.
- Backup the considerable data in your cash register. Keep a current backup of your cash register program.
- Print/view reports that are easy-to-read and use.
- Consolidate sales reports from multiple stores.
- Add/change PLUs and other register options quickly and easily from your PC.
- Prepare sales item/price specials ahead of time and download when needed.

Polling Features

- Connect directly via RS-232C or remotely via telephone modems.
- Poll reports from the register, then save, display or print them at the PC.
- Poll all stores, or individual stores from a single licensed PC.
- Poll unattended at a predetermined time.
- Customize your polling session by defining the reports you wish to poll.
- SAM Series Software converts polled reports to ASCII files, ready to be used by other PC applications.

System Requirements

- Pentium 100 or faster CPU.
- 64 MB RAM.
- 150 MB minimum hard disk space available.
- Dedicated serial port (RS-232C).
- CD ROM drive (to load software).
- VGA or SVGA display.
- Win98 and higher operating system.
- Screen resolution of 800 x 600 pixels.
- US Robotics V.92 56K external modems are recommended for remote connections (for both PC and ECR sites.)
- Parallel or USB port for software key.

Additional Features

SAM52 Download Bitmap Images for Custom Logos

The Samsung ER-5200 Series features integral high-speed thermal printers. Retailers using low-cost equipment can, for the first time, use receipts as marketing tools - reinforcing brand exposure by printing logos, coupons, and/or advertising messages. Use SAM52 to download bitmap images and keep your store image fresh and up-to-date.

SAM1000 SAM65 SAM650 Print Barcodes

SAM1000, SAM65 and SAM650 provide an easy-to-use barcode printing utility. Use an optional Samsung SRP-770 Label Printer to print item or shelf labels. The SRP-770 produces direct thermal labels varying in width from 1.5" to 4.1".

Samsung SRP-770 Features

- Drop and print media insertion.
- USB, serial and parallel interfaces standard.
- Most barcode types available.

SAMSUNG

SAM4s

Available for:
ER-650, ER-650R, ER-655, ER-5200, ER-5215, ER-5200M, ER-5215M, ER-5240M, ER-5240, SER-6500II, SER-6540II, SPS-1000

SAM Series

Polling Software for Your Samsung or SAM4s Electronic Cash Register

All PLU options are conveniently organized on a single screen.
Quickly find PLUs by number or descriptor.

Link SAM Software With Other Software Packages

All polled data is stored in an ACSII text format, making it easy to import into your favorite application software (spreadsheets, databases, word processors, accounting, etc.).

Automate unattended polling by defining reports to be polled in distinct polling sessions.

Predefined Polling Sessions

SAM52 Allows two predefined sessions.

SAM650 Allows one predefined session.

SAM65 Allows six predefined sessions.

SAM1000 Allows six predefined sessions.

Screens differ by model and model specific features. SAM52 screens are shown as examples.

Use SAM Series Software to design and print a keyboard legend sheet for Samsung/SAM4s flat keyboard ECRs or keychecks for raised keytop ECRs.
